

## HERE TO HELP YOU ACHIEVE YOUR DREAM

In business since 2003, Smetter Custom Homes, Inc. is a design-build company that specializes in truly custom homes. Building top quality homes at an affordable price is our first priority. We have built over 100 homes in Lincoln and surrounding areas. Attention to detail and superior craftsmanship are the centerpiece of our company.

At Smetter Custom Homes we believe that taking care of our clients today will pay off 10 fold in the future. That's why when we're building a custom home for you we care about your input. We want you to assist in the details of the lighting, the wall colors, the carpeting. No task is too big or too small. We understand what the custom in Smetter Custom Homes stands for, and we want you to love your dream home.

## WATCH YOUR VISION BECOME REALITY

Because we know how important building a new home is, we want you to follow every development as your Smetter Custom Home goes up. To achieve this, we offer you a secure webpage with all the details of your new home. Track photos of the construction progress. Check the build schedule. View and approve change orders and selections. Access important documents.

## FARM BUREAU FINANCIAL SERVICES

Chad Christensen, Agent

*"I have personally used Chad and his staff at Farm Bureau for many years. As a home builder, we are constantly purchasing building lots. Chad and his staff regularly check to see what properties I have purchased, when I plan to build, and when they are sold. In addition to helping with managing my building insurance, I use them for my personal property and investment properties. The one-deductible policy at Farm Bureau sets their company apart from the competition as it saved a lot of out-of-pocket cost during the May 9th, 2016 hail storm in Lincoln. I encourage you to give Chad and his staff the opportunity to quote your new Smetter Custom Home."*

- Sean Smetter
